

Don't Look Back
written by Victoria Bowlin

Chorus:

Don't look back, (Don't look back) just keep on looking forward
Don't look back, (Don't look back) come on it's time to get on board
The Lord is calling His children home so look for what's in store
And don't look back, oh no, look forward

Verse 1:

A better home's awaiting just on the other side
There'll be no hesitating, just hold on for the ride
Jesus is coming, it won't be very long
So look ahead and you will find your brand new home

Chorus:

Don't look back, (Don't look back) just keep on looking forward
Don't look back, (Don't look back) come on it's time to get on board
The Lord is calling His children home so look for what's in store
And don't look back, oh no, look forward

Verse 2:

The time is soon approaching and signs are everywhere
There'll be a great homecoming, and we'll leave our every care
We'll walk on clouds of glory and see our loved ones there
Then we'll sing the gospel story in the air

Chorus:

Don't look back, (Don't look back) just keep on looking forward
Don't look back, (Don't look back) come on it's time to get on board
The Lord is calling His children home so look for what's in store
And don't look back, oh no, look forward

Chorus:

Don't look back, (Don't look back) just keep on looking forward
Don't look back, (Don't look back) come on it's time to get on board
The Lord is calling His children home so look for what's in store
And don't look back (Don't look back)
